European International Book Art Biennale (EIBAB) *The space of freedom*

The European International Book Art Biennale (EIBAB) proudly presents its 2026 selection of participating artists. This year's edition brings together an exceptional group of creators from across Europe, Asia, Africa, and the Americas — each contributing a unique artistic voice to the evolving field of contemporary book art.

Their works span traditional craftsmanship, conceptual approaches, and experimental formats, reflecting the diversity and vitality of international book art today. We also honor the memory of artists whose works are shown posthumously, acknowledging their lasting contribution to the artistic community.
